- AT ASSEMBLIES
- IN THE AUDITORIUM

INTRODUCING LOGO SEATING FROM NEFF®

Ergonomically designed for comfort, Logo Seating provides a practical seating solution as well as a new way to add spirit and excitement to your school.

Made in the USA of the highest quality materials, Logo Seating features an attractive, contemporary design. Frames feature a double tube and channel design composed of 19 gage quarter hard steel, engineered with a revolutionary "X" frame construction for prolonged life and added durability. Cushioned padding features high quality vinyl that is resistant to wear. Duraflex action in the legs ensures level seating on uneven surfaces and non-marring rubber feet won't mark your floors.

Logo Seating also features a state-of-the-art paint system; semi-gloss paint is baked onto every surface for a smooth, even coating without burring. Plus the quality of the graphics on the seat and seat back is second to none. Logo Seating chairs also come with an impressive warranty and meet California fire codes.

Contact your Neff sales representative today to order. You're going to love how amazing your new chairs look in your school.
